

NEWS PLEASES
PRESIDENT TAFT

Colonel Roosevelt Will Support Him for Renomination.

MEET AT GIBBONS JUBILEE

Mutual Friend Conveyed Word to White House Several Days Ago That Under No Circumstances Will the Former President Allow His Name to Be Presented to the Republican National Convention.

Washington, June 7.—President Taft in his candidacy for the presidential nomination in 1912 will receive the unqualified endorsement of former President Theodore Roosevelt, which will be uttered just as cordially as it was prior to the campaign of 1908.

This is the best political news Mr. Taft has received in many months and it comes to him in a manner that leaves no doubt as to its authenticity. The information that Colonel Roosevelt, under no circumstances, will allow his own name to be presented to the Republican national convention was conveyed to the White House several days ago.

That Colonel Roosevelt feels that the Taft administration should be continued was brought out partly as the result of a cordial greeting between the two men at the Cardinal Gibbons jubilee in Baltimore.

Whether the Roosevelt approval of Mr. Taft's candidacy will go far enough to take the former president into the campaign as an active stump speaker is problematical, but that the force of his personality will be with the president is assured.

Roosevelt Breaks Silence.

This fact is not expected to prove pleasing to Republicans who have made no secret of their desire to bring Colonel Roosevelt forward as a formidable rival for the 1912 nomination. Many of these Republicans no doubt will refuse to abandon hope until Colonel Roosevelt himself, in quoted statements, announces his position and thus breaks the silence concerning the administration, which he has maintained since landing in New York on his return from his African hunt.

The information that Colonel Roosevelt would be found aligned with the president, rather than against him, was brought directly to Mr. Taft from Mr. Roosevelt by a mutual friend. The meeting at Baltimore between the president and Mr. Roosevelt was only incidental to the celebration of Cardinal Gibbons' jubilee, but it was an incident that awakened the political interest of the senators and congressmen and others in official life who saw the two men together. They met first in the reception room in the Fifth regiment armory, where the jubilee celebration was held.

They talked together there for ten minutes. They shook hands with old friends; they chatted, laughed and behaved just as they used to do when Mr. Roosevelt was in the White House and Mr. Taft was secretary of war. They carried the spirit of friendship up to the platform and sitting side by side they conversed in undertones.

INVOLVES MINNESOTA LINES

Iron Range Freight Rates Figure in Steel Trust Probe.

Washington, June 7.—Freight on the United States Steel corporation lines from the Mesabi and other ore sections in the Superior region will furnish one of the heads of proceedings against the United States Steel corporation if the administration decides on proceedings after reading the report of Herbert Knox Smith, commissioner of corporations, on the operations of the corporation.

This is the opinion of Representative Stanley of Kentucky, chairman of the special house committee which is investigating the steel corporation. "The department of justice will discover, from a perusal of the hearings already held before this committee," said Mr. Stanley, "that there have been violations of other than the anti-trust laws."

Within about ten days the results of the investigation by the bureau of corporations of the United States Steel corporation will be placed on the desk of President Taft.

GREAT PLOT AGAINST MADERO

Juntas to Try to Restore Reactionaries to Power.

Jarez, Mex., June 7.—A widespread anti-Madero plot, with ramifications in San Antonio, El Paso, New York and Mexico City, has been discovered, according to Mexican government officials.

The first purpose of the instigators is said to be the establishment in the cities named of juntas, similar to those of the revolutionary party, to carry on a systematic effort to hamper Madero and to restore to power the political element ousted when President Diaz resigned.

Secret service men in various parts of Mexico have been instructed to make arrests in the hope that the movement may be broken up before it assumes any considerable proportions.

PRIMATE HEARS FINE EULOGIES

Cardinal Gibbons Celebrates Golden Jubilee as Priest.

MANY NOTED MEN PRESENT

Event Also Marks Prominent Catholic Churchman's Silver Jubilee as Cardinal.—President Taft, Colonel Roosevelt, Vice President Sherman, Chief Justice White, Ambassador Bryce, Speaker Clark and Several Others on the Program.

Baltimore, June 7.—James Cardinal Gibbons missed his afternoon walk. For the first time in years, one of the very few in the twenty-five years that he has been the only prince of the Catholic church in the United States, he missed that afternoon stroll over the streets of Baltimore, where he listened to banker and beggar and took to heart the troubles of "his people."

Instead of the walk that had become a feature of that part of the city in which he lived the cardinal sat on the temporary stage in the Fifth regiment armory and listened to the great men of the nation speak in eulogy of his life.

President Taft, Vice President Sherman, Chief Justice White, former President Roosevelt, Ambassador Bryce of Great Britain, Speaker Clark, Senator Root of New York, Governor Crothers of Maryland, former Speaker Cannon and Mayor Presley of Baltimore sat with the cardinal and all of them, except the chief justice, spoke in praise of him.

Among the 600 guests seated on the platform were more than a score of senators and members of the house of representatives. The armory holds 15,000 persons, its builders say, and it was crowded to the doors.

The cardinal wore the red robe, the skull cap of red and the deep green ring of office. Through all the speeches he sat smiling.

Cardinal in a Happy Mood.

He smiled like a boy when President Taft introduced him to Mr. Roosevelt; he laughed with glee when the chief justice shook his hand and a ghost of a grin flickered over his face when Speaker Clark, mixing for a moment politics with religion, declared that he had been a potent force for good "among both Catholics and Republicans."

Following Governor Crothers, who presided, President Taft made the first speech.

"This assembly," he said, "can find few counterparts in history. We are met as American citizens to congratulate the American primate of one of the great churches of the world upon the twenty-fifth anniversary of his accession to the highest office in his church but one and upon the fiftieth anniversary of his entering the church as one of its priests."

"I am here," said Vice President Sherman, "to speak for the greatest legislative body in the world and speaking for them to felicitate you upon this day and occasion and to offer to you our loyal respect and heartfelt good will."

When Mr. Roosevelt rose to speak the crowd cheered for half a minute while Speaker Clark held the watch. "We will see presidents who are Catholics as well as presidents who are Protestants," he said, "and we will see presidents who are Jews as well as presidents who are gentiles. It should be the aim of every man who is president to so carry himself toward his fellow Americans who are not of his religion that some day when there is another president who is not of his religion that man may treat him in that same fashion."

After the addresses had been made Cardinal Gibbons replied briefly to the congratulatory speeches.

TO CHANGE NAME OF CHURCH

Wisconsin Bishop Would Call Episcopalians American Catholics.

Fond du Lac, Wis., June 7.—The feature of the annual diocesan council of the diocese of Fond du Lac was the address by Bishop Grafton, who, although for fifty-two years a priest and for twenty-two years a prelate and past the four score mark, is still possessed of remarkable vigor both of mind and body and has but recently added another volume to the list of books of which he is the author. "The Lineage From Apostolic Times of the American Catholic Church, Commonly Called the Episcopal Church."

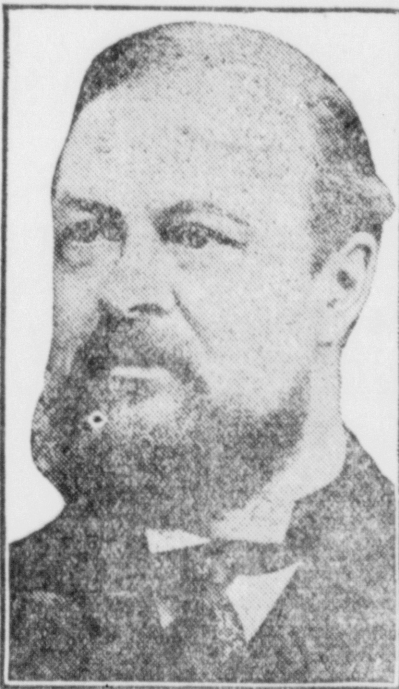

In this book the bishop of Fond du Lac recommends the changing of the title of the church from Protestant Episcopal to American Catholic, in the belief that it will greatly help the development of the communion.

Money Cause of Drowning.

Seattle, June 7.—The body of John Dalzirks, proprietor of a boat-house, was found in Lake Washington, held down by a large sum on money in a belt about his waist. Dalzirks had fallen into the water and the coin carried him down.

CHARLES M. HAYS.

President of Grand Trunk Pacific Road.

GRAND TRUNK PLANS SOME EXTENSIONS

President Hays Outlines Several Important Improvements.

Winnipeg, June 7.—In an interview President Hays of the Grand Trunk Pacific railway said: "Two years more will be occupied in linking up the eastern and western sections of our road. Then will follow the building of a branch line into Vancouver."

"The Grand Trunk Pacific also will make an early start on the construction of a dry dock at Prince Rupert, as well as other terminal improvements to cost \$3,000,000."

He also said that the construction of the proposed branch line from Fort George to Vancouver would not be undertaken until after the completion of the main line.

Tenders for the building of the gap of 410 miles between Teaneau Cache, fifty miles west of Yellow Head pass, and Aldermere, in the Bulkley valley, will be called for immediately.

The main line has now been extended 200 miles west of Edmonton to a point near the Athabasca and less than thirty-five miles from the summit of the Rockies at Yellow Head pass. The rails will be laid across the summit next fall.

BRIDGMAN TO QUIT HAMLINE

University President Resigns After Twenty-eight Years' Service.

St. Paul, June 7.—Dr. George H. Bridgman, for twenty-eight years president of Hamline university and prominent in educational and church circles throughout the United States, tendered his resignation to the board of trustees of the institution, to take effect in June, 1912. The board, unanimous in its opposition to the president's resignation, accepted upon his insistence.

Dr. Bridgman has been contemplating this move for two years, according to members of the board, and is carrying out his intention, as expressed two years ago to Vice President Wyman and others of the board, to retire as soon as he had completed the raising of the \$200,000 endowment fund, bringing the total endowment of the university up to nearly a million dollars. The last of the fund was subscribed last week.

QUIET IN VICTORIA STRIKES

Three Leaders of Mob Which Tore Down Fence Go to Jail.

Victoria, B. C., June 7.—After numerous small strike disturbances the city is comparatively quiet. Two men, who were in a mob of 1,500 which tore down a fence on a nonunion building, were sentenced to three months in jail.

In half a dozen instances crowds were dispersed and the police drew revolvers to handle a crowd which followed the officers to headquarters when arrests were made.

Four thousand members of the building trades are on strike in Vancouver.

THIRTY-FOUR HORSES BURNED

Only Twenty Animals Saved From \$25,000 Barn Fire.

Minneapolis, June 7.—Thirty-four horses were burned to death in a fire which destroyed the barn of O. A. Narverud. Firemen and stable employees succeeded in rescuing twenty horses from the flames, but the remainder were burned. The origin of the fire is not known.

In addition to the horses ten big vans were destroyed. Mr. Narverud estimates his loss at \$25,000.

DEITZ CASES CONTINUED

Judge Wickham Adjourns Term of Court Until November.

Hayward, Wis., June 7.—Circuit Judge James Wickham has adjourned court until November and all the Deitz cases have been continued until that time. Mrs. Deitz, Clarence, Leslie and Almyra, with their attorneys, left for Rice Lake, apparently well pleased with the court's order.

SENATE COOL TO CANADIAN BILL

Republicans in That Body Show No Enthusiasm.

HEARINGS CHANGED FEELING.

Recall of Judges Provokes Much Argument—Point Made That Jurist Who Would Be Influenced by Fear of Losing His Job Is the One Who Should Not Be on the Bench.

By ARTHUR W. DUNN.

Washington, June 7.—[Special.]—Danger signals are displayed by the senate advocates of Canadian reciprocity. It may be that the alarm has gone forth simply for the purpose of stirring the friends of the measure to greater activity, but the fact remains that those who are really for the measure are not very confident.

Curiously enough, there does not seem to be any Republican who is dead in earnest for it, as there was in the house. The senate Republicans are listless. Chairman Penrose is supposed to be the man who will have charge of the bill, but it is noted that nearly all the other members of the finance committee on the Republican side are earnest fighters against the measure with the exception of Cullom and Lodge, who do not display any great interest in pushing it forward.

It is said that both of these senators have been somewhat shaken by the testimony against the bill presented by the farmers.

Debating the Recall.

Opposition to the recall of officials by the people makes its strongest stand on the subject of judges. It may be that the large number of lawyers in congress are responsible for the expressions of doubt about the recall of judges, but certainly the discussion of the statehood resolution showed that there were many who considered the recall of judges little short of criminal. The point made was that judges might be influenced to give wrong decisions because they would fear the loss of their places if they displeased the people.

"If such a man was on the bench," said one of the advocates of the recall, "he is just the kind that ought to be recalled. The worst kind of judge is the one who is influenced by fear of losing his position, whether he receives it from the people or from the executive."

The Pension Ghost.

A lot of Democratic members in Ohio, Indiana and other northern states where there are many old soldiers have been promising "dollar a day" pensions to the veterans, and they are going to have some difficulty in making good. Already the pension question has hobbled up in the house, and there is a prospect that it will come as frequently as Banquo's ghost. General Sherwood of Ohio is an earnest advocate of the dollar a day pension, but there are many southern Democrats who do not wish to pass it just now, especially as they are trying to reduce the tariff. If the bill ever gets before the house it will go through with a whoop. The trouble just now is to get a Democratic caucus indorsement of the measure.

Was This a Dream?

A Democratic employee of the house declares that he saw Uncle Joe Cannon scolding about Rock Creek park recently in the speaker's automobile. "While Champ Clark was riding around in the street cars," he indignantly added. Just how the ex-speaker was in possession of this famous machine, which should be in the possession of the actual speaker, is not known. Clark has refused to use the machine or keep it up. Congress refused to appropriate for its maintenance while Uncle Joe used it, and Clark asserts that he cannot afford to run it. There was a supposition that the machine was snugly ensconced in some secure place about the capitol, and possibly the Democratic employee was in a dream or in a trance which carried him back one year.

McCumber's Hum.

Senator McCumber is of Scotch ancestry and is not supposed to be very humorous. But once in awhile he disproves the inference. A man was fiercely attacking the newspapers in the hearing on the reciprocity bill. "I think," said McCumber, "that you have read so rapidly that the reporters of the press were not able to take it down." And he had the man read the statement over again.

Hitchcock's Room.

"These Democrats are getting altogether too particular," said a Republican sarcastically, one of the many who do not like the postmaster general. "Now, why should they make such a fuss about the expensive furnishings of Frank Hitchcock's room? What difference does it make if he sits in a \$200 chair leaning on a \$500 desk while reading a letter from a congressman, which he tosses into a thirty-five dollar wastebasket?"

"Of course there are people who say they would like to have the postmaster general in more modest and less expensive quarters—that is, if he would only stay in them. I would be in favor of making them still more luxurious if we could only induce Hitchcock to stay there part of the time."

NO AMENDMENT TO THE PACT

Friends of Measure Hopeful of Defeating Root Proviso.

Washington, June 7.—Abandoning hope of defeating in committee the Root amendment to the Canadian reciprocity bill, affecting the print paper and wood pulp clause of the agreement, friends of the measure began on the floor of the senate an active campaign to prevent acceptance of the Root provision.

The president showed anxiety over the situation when, after an executive session of the senate finance committee, he appealed to the Democratic senators to stand out against the amendment. Senator Stone expressed to the president his confidence that far more than a majority would be found voting against the Root and all other amendments that may be offered.

BREN CLAIMS LOAN TO PERSONAL FRIEND
Minnesota University Cashier Denies Bucket Shop Story.

Minneapolis, June 7.—Varied reports resulted from investigations by the Minneapolis police into alleged dealings with grain commission merchants in East Minneapolis and the Midway of Joseph D. Bren, the cashier charged with larceny of \$13,800 of the University of Minnesota funds, of which he says he was robbed.

W. M. Nash of the Hennepin county attorney's office and Detectives Broderick and De Laittre of the Minneapolis police department spent the day in the investigation, which arose from checks and notes found in Bren's private box in the Northwestern bank. At its close the police refused to give out any information further than to say that their investigation had proved satisfactory from their point of view.

In answer to rumors about that Bren had been involved in some "bucket shop" deals, amounting in all to \$2,815, Bren said that the money had been lent to Frank S. Lyon, salesman for the Van Dusen-Harrington Grain company of Minneapolis, a personal friend.

MINNESOTA CROP FIGURES

Statistics Collected at Thirtieth Decennial Census.

Washington, June 7.—Statistics relative to the leading crops for the state of Minnesota collected at the thirtieth decennial census, April 15, 1910, are contained in an official statement issued by Acting Census Director Faulkner. It is based on tabular summaries prepared under the direction of Dr. Le Grand Powers, chief statistician for agriculture, in the bureau of the census. The figures are preliminary and subject to slight revision later, when a few other farms, whose returns are now incomplete, are included in the final tables.

The leading crops in 1909, ranked in the order of valuation, were: Wheat, \$56,009,000; oats, \$34,020,000; corn, \$30,451,000; hay and forage, \$26,724,000; barley, \$17,215,000; potatoes, \$7,707,000; flaxseed, \$4,861,000; rye, \$2,680,000.

BLAMES IT ON THE PRINTER

Supreme Court Changes Text of Opinion in Tobacco Case.

Washington, June 7.—Correction of several obvious typographical errors in the printed copies of the decision of the supreme court in the tobacco case has given rise to groundless rumors that the court changed its mind at the eleventh hour. It was announced that the changes were made to make the copies comply with the official opinion of the court. The errors were discovered by Chief Justice White when he compared the printed copies with the original opinion.

The first of the errors related to the word "reasonable" in a sentence explaining what the Standard Oil decision held.

AUGUST MAY SEE END OF SESSION

TRY TO SETTLE COAL STRIKE

Government Commission in Canada to Make Another Attempt.

Winnipeg, Man., June 7.—Reports received by representatives of big Western industrial concerns in Winnipeg show that the fuel situation in Western Canada as a result of the continued strike of the coal miners of Alberta and British Columbia is rapidly reaching a crisis in the two Western provinces.

As a result of representations made to the government by the allied interests the government commission will meet at Coleman, Alberta, when another effort will be made to settle the strike.

JOHN BIGELOW SITTING UP

No Change, Though, in Aged Diplomat's Condition.

Highland Falls, N. Y., June 7.—The venerable John Bigelow was assisted from his bed at his summer home, the Squirrels, here and sat for a time in a chair, reading his mail.

The fact that he could accomplish this much, however, is said to warrant no assumption that the venerable author and diplomat is less seriously ill than has been reported. Dr. Milton Powell of New York, who is attending, said there was no change in his patient's condition.

Postal Banks for Twin Cities.

Washington, June 7.—St. Paul is to have a postal savings bank on July 1, or very soon after that date. It is the plan of the department to begin to establish these banks in offices of the first class with the opening of the next fiscal year. Minneapolis and Duluth will also have postal banks soon.

Milwaukee Woman Ends Life.

Boston, June 1.—During a period of temporary insanity Mrs. Margaret Jackson, wife of John F. Jackson, a Milwaukee business man, leaped from the window of their room on the fourth floor of the Parker House and was instantly killed. Mr. and Mrs. Jackson were on their way to a Massachusetts sanitarium where Mrs. Jackson was to receive treatment.

Senate and House Leaders Considering Adjournment.

NETTLED AT PROGRESSIVES

Democratic Senate and House Leaders

Are Dissatisfied With Action of That Wing of the Republican Party in Opposing Canadian Reciprocity, While Claiming to Be in Favor of Lower Tariff Rates.

Washington, June 7.—Senate and house leaders have been giving some consideration to the probable date for adjournment. The best opinion was that congress would be able to adjourn between Aug. 1 to Aug. 15.

Some of the Democrats in the house have been insisting the senate should concede a vote on the free list bill and the various other tariff measures being passed in the house and sent over to the senate. There have been threats by some Democratic leaders that the house would hold the senate in Washington until October if necessary to force a vote in the senate on all these measures. But this talk is considered radical in the house.

Most Democratic leaders will be satisfied with what the house will be able to do along this line, but they may resort to a motion in the senate to discharge the finance committee from consideration of these house tariff bills if that committee should show a disposition not to report these measures to the senate.

Democratic leaders in the senate and some of their party associates in the house are dissatisfied with the action of the progressive Republicans. They charge the progressives are incessant in opposing Canadian reciprocity, while claiming to be in favor of lower tariff rates. What the Democratic leaders desire is to have a vote in the senate on the tariff bill, in order to put them on record, especially on the wool and cotton schedules.

Discharge Finance Committee.

But this record vote might be brought about by a motion to discharge the finance committee and bring the tariff measure directly before the senate for consideration. On such a motion the progressives could prove their loyalty to the tariff revision program by voting to discharge the finance committee. If the thirteen progressives and the Democrats would vote together on such a motion it would prevail.

In the senate finance committee there was some informal discussion of the legislative program in the senate. Chairman Penrose suggested to his committee it ought to be able to get a vote on the Canadian reciprocity bill in the senate not later than July 15.

Some of the Democratic members of the committee asked Mr. Penrose whether it would not be possible to agree at the same time on action on the free list bill and other house tariff bills. The senator from Pennsylvania replied he thought these subjects should go over until cooler weather and the suggestion for a date for a final vote on reciprocity came to naught.

It was conceded the debate on the reciprocity bill would probably occupy from four to six weeks, which would bring the date for the vote on the calendar measure up to the latter part of July. Congress leaders will consider themselves fortunate if they can get the Canadian bill through the senate by Aug. 1 and adjourn the extra session not later than Aug. 15.

REPORT CRITICISES TAFT

Ways and Means Committee Submits Wool Bill to House.

Washington, June 7.—Sharply criticizing President Taft, the Republicans and the tariff board, the report on the Underwood wool bill was submitted to the house by the Democratic members of the ways and means committee.

Quoting President Taft's addresses after the passage of the Payne-Aldrich bill, in which he declared that "the woolen schedule is indefensible and I propose to say so," the report says:

"Had the president made these public admissions earlier while the tariff of 1909 was under consideration by congress his declaration would have been of real service to the people and would have enabled them to protest against the betrayal of the public welfare to private greed. The president's silence at that time and his approval of the act of 1909 make it impossible for him to evade his full share of responsibility for the failure of revision which he now admits."

JULE'S FLAG POLE

Jule Jamieson, of Julesburg, speaks
of the Decorations on His
Buildings

Jule Jamieson, of Julesburg, which
settlement is situated near Crosby
and Ironton, was in Brainerd yester-
day and while speaking about the
range he mentioned the big flag staff
he has erected on his refreshment par-
lor. Surmounting the 66 foot spruce
pole is an iron rod 20 feet in height
and from it flies a flag 6 and 1/2 feet
by 12 feet in size. This is enough
to catch the eye of the wandering
wayfarer in the day time, and to fix
his attention at night Mr. Jamieson
has surmounted the 86 foot pole with
a large electric light which casts its
beams over Serpent lake like a light
house.

Some thought Mr. Jamieson got the
flag pole from the state of Maine but
he bought it from M. D. Stoner, of
the Cuyuna Range Light & Power Co.
at Deerwood and after it was erected
Supt. Olson put the electric light on
top.

"I believe in letting my friends
know where I am," said Jule.

Your Neighbor's Experience

The Longest Fast.
The record for fasting, so far as our
best information goes, is held by
Graine, a French murderer, who de-
termined to starve himself to death
and from day to day after his arrest
suffered with backaches and dizzy
headaches. I had specks floating
before my eyes and I felt all tired
out and miserable. I saw Foley Kid-
ney Pills advertised and got a bottle
three days, at the end of which period
he died. With the exception of Graine's
case the longest well authenticated in-
stance of fasting on record is that ac-
complished by Giovanni Succi, who

FAVORS TAFT'S ARBITRATION IDEA

Bishop Morrison, of Duluth, Speaks
Eloquently at Commercial Club
Gathering

MAYOR WELCOMES DELEGATES

The First Session of Episcopal Diocese of Duluth Convention is
Being Held Today

The informal gathering at the Commercial club last evening in honor of the lay and clerical delegates attending the Diocese of Duluth Episcopal convention in the city was a most happy event and the program of impromptu addresses promoted good fellowship and a most friendly feeling. A large attendance was present and the visitors admired the spacious rooms of the club.

Mayor Dunn delivered the address of welcome to the visiting delegates and his remarks were most impressive. This is the first public appearance of the mayor since his recent severe sickness. He urged the delegates to make use of the Commercial club rooms for committee work or for informal gatherings.

Bishop James Dow Morrison, of Duluth, was most happy in his response and in the course of his address first spoke in reminiscent mood, relating several stories and then took on a more serious aspect. He spoke highly of Brainerd and commented briefly on its firm foundation and its most optimistic business prospects. He admired and also favored the stand which President Taft has taken on arbitration and the promotion of a better understanding between all mankind and the more enlightened nations of the earth. The bishop was highly in favor of the international court of arbitration as advocated by President Taft and expressed himself as heartily in favor of reciprocity. His remarks were greeted with much applause.

A speaker who interested many of the audience was the Chippewa Indian minister, Rev. Edward Kah-O-Sed, of Beaulieu, who related his experiences in teaching, and improving the mental and physical well being of the Indians. He was doing all he could to teach his people cleanliness, as this most important feature of life came after Godliness. The Indian parish of Rev. Kah-O-Sed is situated near the White Earth reservation. His name, by the way, is the Indian name for hunter.

Other speakers of the evening were Dr. Albert W. Ryan, of Duluth; Jud B. F. Wright, of the district court; Archdeacon H. P. Marshall, of Cass Lake; Rev. S. L. Mitchell, of Sauk Center; Rev. J. G. Ward, of Fergus Falls; Rev. A. W. Farnum, of St. Cloud; Rev. J. G. Larson, of St. Cloud.

Of the delegates now present are the following:
Duluth: Rt. Rev. J. D. Morrison, bishop of the Episcopal diocese of Duluth; Rev. Albert W. Ryan, rector of St. Paul's church; Rev. R. S. Reade, his assistant; Rev. A. H. Wurtele, of Trinity church; Rev. W. E. Harmon, of St. Peter's church; Rev. E. B. Collier, of Holy Apostle church; Rev. Quinn, of St. John's church; also the lay delegates Messrs. J. W. Lyder, George H. Crosby, C. T. Fitzsimmons and C. E. Krippenberg, of Trinity parish; Henry Taylor, British Consul.

Cass Lake: Archdeacon Marshall. Wadena: Rev. E. S. Murphy. Sauk Center: Rev. A. W. Farnum and Rev. J. G. Larsen.

Staples: Rev. T. J. E. Wilson. St. Vincent: Rev. J. E. Kimberly. Fergus Falls: Rev. J. G. Ward

Wm. Ward, a candidate for holy orders, James A. Brown, the lay delegate who has the honor of being a life member.

Beaulieu: Rev. Edward Kah-O-Sed. Paynesville: Dean T. C. Hudson. Virginia: Rev. A. Carswell. Hibbing: Rev. Frank Durant. International Falls: Rev. Burnet S. Campbell.

Minneapolis: Rev. Isaac Houlgate and Rev. Charles Rollett. Cloquet: Rev. Frank Coolbaugh. Little Falls: Rev. George E. Platt.

At this morning's meeting at St. Paul's Episcopal church Rev. Albert W. Ryan, D. C. L., rector of St. Paul's Episcopal church of Duluth, delivered a sermon in which he spoke of the Christian duties of a man. It was listened to with much interest by the large audience present.

EARTHQUAKE KILLS MANY IN MEXICO

Special to Dispatch:—

Mexico City, June 7, 1911—An earthquake at 4 o'clock this morning wrecked several buildings, including the artillery quarters where seventy soldiers were buried in the ruins. The dead and wounded is estimated at between fifty and seventy. The oscillations moved from north to south and opened fissures in the streets. Adobe houses crumbled, but the dead in these cannot be numbered at present. The shock was severely felt in the western part of the city, though buildings in the central part were rocked.

W. & L. BOARD MEETING

Discuss Motor Rates—City Electrician Hands in His Resignation

The water and light board held a meeting last evening and there were present Messrs. Dunn and Schwartz and the secretary, Wm. Nelson. Commissioner Mahlum was absent.

R. L. Stanton, of the Toltz Engineering Co., was present and the board discussed the motor rates, but took no action and deferred any decisive action until the next meeting when more data can be gathered.

Messrs. Maloney and McDonald, of Northeast Brainerd, were present and asked that the water mains be extended on Third avenue. The bill of the Toltz Engineering Co. for \$773.68, electric current used in May, was allowed and ordered paid. The secretary read his regular monthly reports on water and electric light and they were accepted and placed on file.

The resignation of City Electrician P. Christensen was read. It is said he has assumed a position with M. D. Stoner, of the Cuyuna Range Light & Power Co., at Deerwood.

The Salvation Army

Capt. E. D. Johnson, the converted Texas cowboy and veterinary surgeon, arrived in the city on Wednesday at 12:15 A. M., to assist in the local work of the Salvation Army in Brainerd. A public welcome meeting will be conducted on Sunday night at 8:00 P. M. All are invited.

WILL CONFIRM 250 TOMORROW

Bishop McGolrick, of Duluth, Will
Have Charge of Confirmation
Services at

ST. FRANCIS CATHOLIC CHURCH

Largest Class in History of Parish—
Four Priests to Assist the
Bishop

At two o'clock tomorrow afternoon Bishop McGolrick, of Duluth, assisted by Rev. J. A. Limmers, of Duluth; Rev. Father Smiers, of Aitkin; Father Lamey, of St. Mathias, and Rev. Father O'Mahoney the local pastor, will confirm at St. Francis Catholic church 250 adults and children, the largest class ever confirmed in the history of the parish.

This is the first visit of the bishop to Brainerd in the last three and one half years and so it marks a notable event in Catholic circles.

The services will last about two hours. There will be special music by the choir. The class includes many adults from all parts of the county, who with their relatives and friends, will be in attendance to witness the ceremonies. It will be a most important day in the history of the parish and the magnitude of the class reflects great zeal on the part of Rev. Father O'Mahoney in marshalling and fitting so many for this auspicious occasion.

IRON MT. MINING CO.

Six Churn Drill Holes Have Been Put
Down on the Company's
Range Property

Six churn drill holes have been put down on the property of the Iron Mountain Mining Co. on the Cuyuna range and it is officially reported that all of them are in ore. One of the holes is down to a depth of 330 feet and is still in ore. Ore in this hole was struck at 70 feet, so that the drill has penetrated ore a depth of 260 feet. The officials of the Iron Mt. Mining Co. consider that their Cuyuna property is one of the largest from a mineral standpoint point that has yet been discovered on the range.

The Cuyuna range property which is controlled by the company is known as the Mesago and it is described as the northwest quarter of section 33-47-29. The company is doing its own drilling in this section of the north range. Last week a party of Hibbing business men who are stockholders in the company visited the scene of the exploration work. Drilling at Buhl has been temporarily stopped by the company in order to exercise its Cuyuna range options.

COMMISSIONERS PROCEEDINGS

Proceedings of the Board of County
Commissioners, Meeting Held
June 6th, 1910

Meeting called to order at 10 o'clock a. m.

All members present. Minutes of the last meeting read and approved.

Four bids were received for surfacing the two mile of grade on state highway No. 3. On motion all bids were rejected and the Auditor was instructed to again advertise for bids to be received by the board July 10, 1911, at 2 o'clock p. m.

For the work on this same road at Mission Creek Geo. Adcock submitted a bid of \$380.00 for the grading and the Security Bridge Company a bid of \$740.00 on the bridge. On motion these bids were accepted, the work to be completed by August 1st, 1911.

Board adjourned until 2 p. m. All members present.

Application of John D. Gile for a liquor license at Barrows came up for hearing. Charles Pentin, Adolph Anderson and other farmers of Crow Wing town appeared and objected to a saloon in their town. A motion was made and carried to lay the petition on the table until next meeting.

Petition for a new school district at Ironton out of the west half of District No. 51 came up for final hearing. Attorney Ryan appeared on behalf of the petitioners and various residents of Crosby spoke against the division. It was urged that the district should remain as one even though two buildings should be erected. A motion was made and duly carried to lay this petition upon the table until next meeting.

F. N. Woodworth of Pequot and others asked the board to make an appropriation to the Crow Wing County Agricultural society for the purpose of paying premiums on farm products at the farm next fall. A motion was made and duly carried setting aside \$150.00 for this purpose.

Attorney Swanson presented a petition from the settlers of Baxter town asking that a certain highway leading west from Brainerd on the south side of the N. P. Ry. track should be designated as a state highway. Upon investigation it was found that not all of the route was at present a laid out road and it was agreed that this should be established by the proper authorities before any designation of state highway could be made.

Report of the county surveyor on the condition of the bridge at the foot of Sibley lake was read. He advised that this bridge would probably stand for two years yet with very slight repairs. On motion the report was accepted and placed on file.

Final acceptance of engineer in charge of the construction work on the Gould bridge across Pine river was accepted and the Security Bridge company ordered paid in full in the sum of \$2,875.00.

Petition of H. Goldsberry and others for a new road in Twp. 135-136 in Rge. 27, was presented to the board. On motion it was decided to send a committee to investigate as to the need of the proposed road, the chairman appointed Commissioner Edquist as such committee to report at the next meeting.

Supplementary bond of the Citizens State bank with the Title Guaranty Surety company in the sum of \$5,000.00 and also a like amount with the American Bonding Company, were presented to the board and duly approved and ordered filed with the county treasurer.

The question of asking for the service of a road expert from the department of good roads at Washington was next discussed. The Commercial Club of Brainerd urged that this be done in order to give a demonstration on road construction in sandy soils. No definite action was taken.

The county surveyor submitted plans for a mile of road on state road No. 2 in Sec. 25, Oak Lawn town, and also for widening out the two miles of grade in Nokay Lake town just east of this point. On motion the auditor was instructed to advertise for bids on this work to be received July 10th, 1911, at 2 o'clock p. m.

Plans were also submitted by the county surveyor for a mile of improvements on state highway No. 3 next to the Cass county line. On motion the plans and specifications were approved and placed on file.

An appropriation of \$150.00 was made from the road and bridge fund to the town of Deerwood to help build a bridge across Cedar Creek on the mail route in Sec. 14. Various other applications from the townships and individuals for road money were laid on the table until next meeting.

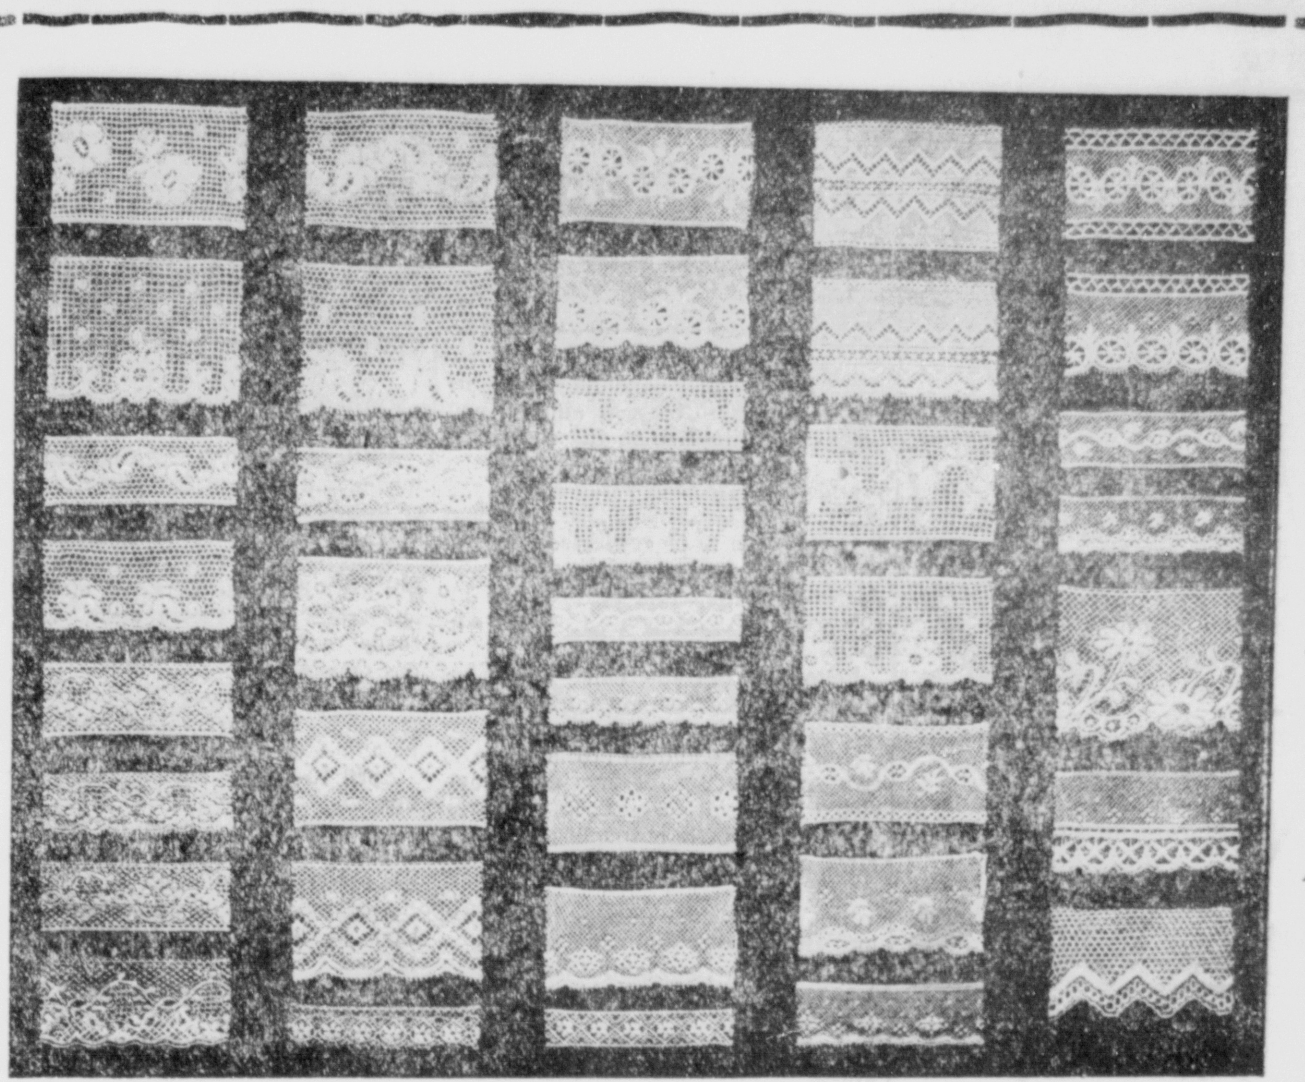

The auditor was instructed to enter into correspondence with State Engineer Geo. W. Cooley to see whether it would be possible in any way to get some help from the state on the new bridge to be built the coming winter across the Mississippi river at Brainerd.

The following bills were allowed: W. H. Welch Mfg. Co., cert. of award ----- 4.26

Brown, Treacy, Sperry Co., books, blanks, etc. ----- 6.00

Free Press Printing Co., books, blanks, etc. ----- 4.00

CUT WORMS MAKE APPEARANCE

Worms Attack Corn Fields in Various Parts of Crow Wing County and Cause Trouble

From Motley, South Long Lake, Oak Lawn and some other townships of this county come reports of the ravages by the cut worms which have been attacking the fields of young corn. Their appearance, some of the farmers say, is caused by the abnormally dry season we had last year. In many places farmers have found it necessary to replant and where this has occurred only a crop of fodder corn may be expected. It is hoped the damage is not widespread as the action of these worms is a great financial loss to the farmers.

No preventive for them is known and it is the opinion of many that the state agricultural school or the university's entomologist should devote some attention to the pest and let the farmers know how to get rid of them or how to keep them from the corn.

SOCIALISM WILL BE EXPOSED

At Walker's Hall, Wednesday Evening, June 7th, at 8 P. M.

W. F. Ries, the author of that famous book, "Men and Mules," that has gone out by the millions and raised the biggest storm in ten years, will deliver his famous lecture at Walker hall Wednesday evening, June 7, at 8 P. M.

This is positively the hottest proposition you have ever heard. You will kick yourself for months if you fail to hear him, after your neighbors all tell you about what a time they had.

Hear this master of wit, wisdom, logic and humor.

Mr. Ries talks to workingmen and millionaires and shows both where they are at. He will expose socialism properly.

Ladies welcome. All cordially invited. Admission 10 cents. 11

Rise and Progress of Mexican Revolt, Overthrowing Diaz In Six Months

THE Mexican revolution, now believed to be near an end, had its inception in the candidacy of P. L. Madero, Jr., for the presidency. He was seized and put in jail by order of General Diaz, who had been declared to be re-elected. Escaping, Madero made his way across the American border and directed the insurrectionary movements from San Antonio.

Following are the chief events to date in the Mexican revolution, showing its quick and remarkable spread:
Nov. 18 last—Madero proclaims from San Antonio, Tex., a new and provisional Mexican government. On the same day a battle is fought at Puebla, Mexico, in which 100 persons are killed.

Nov. 19—Madero crosses the border into Mexico, and the revolt spreads.

Nov. 21, 22, 23—Fights take place at Guerrero, Santa Cruz, Orizaba, Gomez Palacio Parral and San Andres, in which several hundred persons are killed.

Madero is wounded in the engagement at Guerrero. The government holds Torreón and extends martial law.

Dec. 11—Seventy-five killed in battle at Cerro Prieta.

Dec. 17—Severe skirmish at Peder-nalos.

Dec. 22—Rebels capture their first passenger train. It is seized on the Mexican Northwestern road near El Paso.

Dec. 26—Rebels capture San Carlos. Dec. 27—Rebels appear in force at American Mormon settlement at Casas Grandes. On the same day there is a battle at Mal Paso. The federal troops are ambushed and shot to pieces.

Diaz refuses to resign. Insurrection spreads through northern Chihuahua.

Jan. 4—Town of Cuahutliche falls into rebel hands.

Jan. 15—Reports show many railroad bridges burned and small places attacked by rebels in the last two weeks.

Rumor of secret treaty between Japan and Mexico is denied by both nations. It is said Japan wanted a naval base on the west coast of Mexico.

Jan. 20—Alberto Terrazas, governor of state of Chihuahua, resigns.

Marching begins toward Juarez.

Feb. 9—Aviators at El Paso shot at by Mexican riflemen.

A skirmish near Juarez.

Feb. 14—City of Juarez is rescued by the federal troops after days of skirmishing.

Feb. 27—Laduna captured by rebels after two day fight.

March 6—President Taft orders out 20,000 American troops to patrol the American boundary. The last of the soldiers reach the general camp at San Antonio, Tex., on March 16.

March 12—Battle at Agua Prieta, rebels whipped.

March 24—Mexican cabinet resigns. Diaz refuses to resign.

March 26-30—Battles at Tepic and Ures.

April 6—First effort at armistice fails.

April 13—English cruiser Shearwater lands a force at San Quentin, Lower California.

American officer crosses border into Mexico after several Americans are killed at Douglas, Ariz., by stray bullets from Agua Prieta fight. Mexico sends "sassy" protest to Washington, but recalls it later.

April 15—President Taft orders more troops to the border and warns combatants not to shoot over the line.

April 16—Battle near city of Chihuahua.

April 18—Diaz agrees to an armistice. It lasts off and on several weeks, but results in nothing.

April 30—Diaz is interviewed. He says he believes it is necessary to Mexico.

May 1—Federals drive away rebels besieging Ojinaga.

May 6—Armistice and peace conferences end and revolt goes on.

May 10—City of Juarez taken by the revolutionists.

May 11—Provisional President Madero names cabinet.

May 17—New armistice agreed to. Diaz agrees to resign.

May 22—Peace pact signed in Juarez.

China's Greatest Famine. A great famine occurred in China in 1942, and it has been estimated that 13,000,000 people perished therefrom.

Janos Made a Record. Suicide is more prevalent in Germany than anywhere else, the most depressing feature of the vital statistics of that country being the number of children who destroy themselves. But Hungary holds the record for old age in attempted suicides. In 1888 Janos Meryessi, who was eighty-four years old, jumped off the suspension bridge at Budapest into the Danube. He was rescued and explained that he wished to end his life, as he was becoming too decrepit to support his father and mother. This extraordinary statement proved to be true. Meryessi's parents being aged 115 and 110 respectively, and a public subscription was organized to set them all three above want.
